

# SAXON SCOOP

..... Fall Edition .....

With the recent news of the community transfer of Covid-19 in the Cayman Islands community, we want to assure our customers that at Saxon, your safety and the safety of our employees comes first. As mandated by the Cayman Islands Government, persons must wear a mask when entering a business and we also encourage social distancing and hand sanitization to reduce the spread of germs.

Saxon takes pride in offering customers a number of ways to handle insurance needs without even stepping foot in our offices.

## Why is Contents Insurance So Important?

Although Hurricane Season is coming to an end, it's never too early to protect the things you love. We are always quick to insure our vehicles and property, but have you considered insuring the contents of your house, apartment or rental unit? In most cases, flooding results in the most damage to property during a storm. When Hurricane Ivan hit in 2004, most properties suffered significant flood damage, resulting in the loss of furniture, appliances and irreplaceable valuables. Without the right coverage, you will have to pay to replace it out of your own pocket.

So protect the inside of your property as well as the outside with Contents Insurance from Saxon. After all, the contents of your house is what makes it a home.

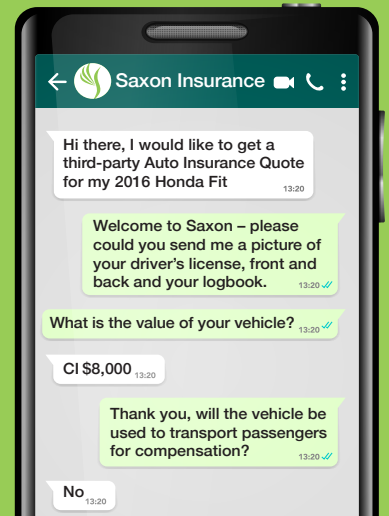

Don't wait until it's too late, speak to a Saxon agent today to get a quote. Call **94-SAXON**, visit **saxon.ky** or email **insurance@saxon.ky**.

## There's a New Way to Do Business!

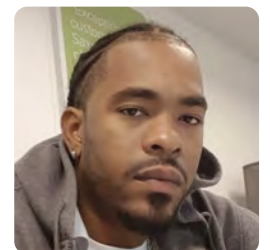

Did you know you can get a policy from Saxon from start to finish all over **WhatsApp**? It's simple, quick and convenient.

Just ensure you have your documentation handy and we will talk you through the rest! You can even sign and return documents all from your phone. Click [here](#) to watch a quick explainer video and get started today.

## Meet Jamuel!

In our second edition of the Saxon Scoop we are once again showcasing the faces behind Team Saxon who are dedicated to providing unbeatable customer service to our customers.

Jamuel has recently moved over to the Claims department to offer our clients unbeatable support after what can be a very traumatic experience. He helps our clients get back on their feet with a fast response time and caring personality. Jamuel is Caymanian but does not particularly like one of our local delicacies, turtle. He has a huge passion for cars which has fueled his desire to travel to Japan one day and experience the drifting scene made popular by numerous movies. Jamuel also has a tough side and a soft side. He practices karate and loves dogs. We are proud to have him as a member of our team with his endless jokes and kind hearted demeanor.
